

Plumas-Sierra REC 2017 LED Holiday Light Rebate

Light up your holidays with LED (Light Emitting Diode) holiday light strands! You'll save energy and money on your electric bill this holiday season by replacing your old incandescent light strands with ENERGY STAR LED light strands.

Purchase LED holiday light strands and receive a rebate of \$3 per strand! Strands must be ENERGY STAR rated to receive a rebate.

Did you know? According to the California Energy Commission's Consumer Energy Center, those bright traditional holiday lights you unpack every year are costing you dearly.

*Assumptions: Operating for five hours per day for 30 days; Wattages: LED mini-ice = 13 Watts, LED C7 multicolor 300 bulbs = 24 watts, Incandescent premium 300 mini-lights = 108 watts, Incandescent standard 300 mini-lights = 144 watts, Incandescent C7 125 bulbs = 750 watts (6 watts per bulb); Energy cost calculated at \$0.148 per kWh.

Plumas-Sierra REC 2017 LED Holiday Light Rebate Application

How to Qualify

- Must be a member and receive electricity from Plumas-Sierra Rural Electric Cooperative. The LED lights must be operated within PSREC territory. Members are advised to retire their old lights to save energy.
- All rebates will be applied as a credit to your electric account and are limited to 5 strands (\$15) per member; rebate shall not exceed the purchase price.
- All light strands must be purchased between October 1, 2017 and December 31, 2017. Applications will be accepted until January 31, 2018. A PSREC 2017 LED Holiday Light Rebate Application must be submitted and accompanied by the following items:

Provide a copy of dated receipt as proof of purchase of new LED holiday lights. A copy of the box or a portion of the box showing the description of the product, the manufacturer, the initials "LED" and the ENERGY STAR logo. Not all LED holiday lights are created equal, the product must be **ENERGY STAR** qualified to receive a rebate.
